The objective of this abstract is to tell you how to prepare your one-page Abstract for the International Workshop on Advances in Computational Mechanics, March 29-31, 2010.

The length of abstract, including all writing, should not exceed 1 page, as the book of abstracts will adhere to a 1page per abstract printing. The abstract must be written in English and contain (1) the presentation title, (2) names of presentation authors, and (3) contact information for the corresponding author, including author's postal and e-mail addresses. Templates for the preparation of the abstracts in LaTeX and Microsoft Word formats may be found on the IWACOM website (<http://www.jsces.org/IWACOM/>). Please prepare an electronic version of your abstract and e-mail it to [iwacom-abstract@jsces.org](mailto:iwacom-abstract@jsces.org) by February 1, 2010. Only Acrobat Reader (.pdf) file will be accepted. (LaTeX, Microsoft Word or text files will NOT be accepted).

The abstract is to be prepared using the following format:

- Paper size: A4 (210mm x 297mm)
- Margins: 25mm margin for left, right and top, 30mm margin at bottom
- Title in **Bold**
- For Microsoft Word, Times New Roman font at 12pt
- For LaTeX, 12pt article documentclass (Times fonts are recommended)
- No paragraph indents
- 1 line spacing between title and authors
- 1 line spacing between authors and affiliations
- 1 line spacing between affiliations and abstract body
- 1 line spacing between abstract paragraph
- 1 line spacing between abstract body and references
- References numbered and indented as shown below, No line spacing between listed references
